

Tamper-Resistant,
Tamper-Evident Snack Cups

TamperAlert Hinge™
Protrudes outward when torn, alerting the customer that the container has been opened. The hinge remains attached to the container, meaning no loose plastic pieces and therefore no littering.

SafeSeal™ Snack Cups

Protect the quality of your on-the-go snacks with new SafeSeal™ Snack Cups!

- Made of recyclable PET
- Specifically designed to inhibit tampering
- MicroTrim Edge™ inhibits ability to lift up the lid from the base without tearing the hinge

90% of global consumers believe brands have a big responsibility to ensure product safety

Modern day eating styles are characterized by frequent snacking, so much so that **37% of the time**, snack foods can replace meals once or more per day.

Laurie Demeritt (2017). The Future of Snacking: Consumer behavior and trends

Snacking now accounts for **half (50%) of all eating occasions** as America's consumers say snacking is essential to daily nutrition.
